Welcome to St George College

Message from the Principal

On behalf of everyone at St George College, a warm welcome. We are an inclusive community with a rich blend of cultures and backgrounds. We are blessed to have international students to enrich our College in many ways. Their global outlook reminds us that we are all citizens of the world.

Student learning and student success is always at the centre of our school culture. We are committed to ensuring our students are “World Ready” through a focus on developing their academic and personal skills.

The sense of community at St George College is important and highly valued. The partnership between the College, parents, families and the wider community is vital in fully developing our students and in providing a well-resourced and supportive learning environment.

A St George College education will offer your child:

- An education where each individual child is encouraged to be the best they can be.
- Inspirational, differentiated teaching and learning experiences that inspire excellence.
- Enrichment programs; early intervention initiatives; and learning support programs, that strengthen foundations in literacy and numeracy
- Support programs designed specifically for our international students
- Regular feedback to students, parents, and caregivers, regarding strategies for continuous improvement.
- Quality teachers with a genuine love for children
- Language classes.
- Co-curricular programs to allow students to follow their sporting or cultural interests and passions
- Regular assemblies where we celebrate the successes of our children

“Children are the greatest blessing in life for any couple and indeed are a gift from God. The greatest gift parents can pass onto their children is to lay the foundations for them to know and accept Jesus Christ as their Lord and Saviour. Orthodoxy is a way of life.”

Pastoral Care

- **Sense of Identity and belonging**
 - Sense of Identity and belonging is grown best by developing college pride, involvement and participation. It develops confidence in each student which builds self-esteem. Each student belongs to one of four Houses: Athens, Olympia, Pella, or Sparta. The House focuses on allowing all students to be involved in inter-house sport activities, which run on Tuesdays and Thursdays.
- **Heads of House**
 - Follow up on student's academic and social needs and offer behavioral support when needed. Create an atmosphere where students can talk about what is on their minds. Make the students feel safe.
- **Faith**
 - Regular Chapel Service for all Year 11 and 12 students. Weekly religion lessons for all other year levels. Gives our students an opportunity to learn more about the Christian Orthodox Faith, to explore their own faith and to reflect on life in general.
- **Weekly Assemblies**
 - Weekly Assemblies celebrate our values, community and culture. Assemblies are organised for special events such as subject semester academic awards, co-curricular, presentations, Anzac Day, Harmony Day, Greek Independence Day and Remembrance Day, just to name a few. Guest speakers and old scholars are regularly invited to share their life stories to inspire students. Our student leaders run these assemblies.

EDUCATION IN AUSTRALIA (ESOS FRAMEWORK)

The Australian Government, as does St George College, wants International Students in Australia to have a safe, enjoyable and rewarding place to study.

Australia's laws promote quality education and consumer protection for International Students. These laws are known as the ESOS framework and they include the *Education Services for Overseas (ESOS) Act 2000* and the National Code 2007.

Protection for International Students

As an International Student on a student visa, you must study with an education provider and in a course that can be found on the Commonwealth Register of Institutions and Courses for International Students (CRICOS) at <http://cricos.deewr.gov.au/>.

CRICOS registration guarantees that the course and the education provider with whom you study meet the high standards necessary for International Students. Please check carefully that the details of your course – including its location – match the information on CRICOS.

St George College maintains current Tuition Protection Scheme at all times which ensures that your tuition fees are insured and safe.

Your Rights

The ESOS framework protects your rights, including your right to:

- Receive, before enrolling, current and accurate information about the courses, fees, modes of study and other information from your provider and your provider's agent.
- Sign a written agreement with your provider before or as you pay fees, setting out the services to be provided, fees payable and information about refunds of tuition fees. You should keep a copy of your written agreement.
- Get the education you paid for. The ESOS framework includes consumer protection that will allow you to receive a refund or to be placed in another course if your provider is unable to complete your course.
- The Tuition Protection Service (TPS) is a placement and refund service for international students, which is activated in the event that your provider is unable to teach your course. Visit the TPS website for more information, at www.tps.gov.au
- The ESOS framework sets out the standards Australian education providers offering education services to International Students must obey. These standards cover a range of information you have a right to know and services that must be offered, including:
 - Orientation and access to support services to help you study and adjust to life in Australia
 - Who the contact officer is for International Students
 - If you can apply for course credit
 - when your enrolment can be deferred, suspended or cancelled
 - What your provider's requirements are for satisfactory progress in the courses you study and what support is available if you are not progressing well
 - If attendance will be monitored for your course, and
 - A complaints and appeals process.

- One of the standards does not allow another provider to enrol a student who wants to transfer to another course but who has not completed six months of the principal course of study in Australia. If you want to transfer before you have completed six months of your principal course you need your provider's permission unless there are special circumstances such as:
- You have completed more than 6 months of your principal course;
- You are a government sponsored student, and your sponsor supports a transfer, or
- Your current education provider or course has ceased to be registered or a sanction has been imposed that prevents your provider from continuing to deliver your principal course.
- If you are under 18, to ensure your safety, you will be granted a visa only if there are arrangements in place for your accommodation, support and welfare.

Your responsibilities

As an international student on a student visa, you have responsibilities to:

- Satisfy your student visa conditions
- Maintain your International Student Health Cover (OSHC) for the period of your stay
- Meet the terms of the written agreement with your education provider
- Inform us of any changes to your contact details immediately and provide us with confirmation of your contact details at least every 6 months (please refer Appendix 2 Change of Details Form)
- Maintain satisfactory course progress
- If attendance is recorded for your course, follow your provider's attendance policy, and
- If you are under 18, maintain your approved accommodation, support and general welfare arrangements.

For Visa matters go to www.border.gov.au or telephone 131881 in Australia, or contact a DIBP office in your country.

Privacy

Information will be collected about you during your enrolment, in order to meet our obligations under the ESOS Act and the National Code 2007. The authority to collect this information is contained in the Education Services for Overseas Student Act 2000, the Education Services for Overseas Students Regulations 2001 and the National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas students 2007.

Information collected during your time at St George College can be disclosed without your consent where authorised or required by law. Information may be shared between St George College and the Australian Government and designated authorities and, if relevant, the Tuition Protection Service. This information includes personal and contact details, course enrolment details and changes, and the circumstance of any suspected breach by the student of a student visa condition.

Please visit the College website at www.sgc.sa.edu.au for the St George College Privacy Policy.

Permanent Accommodation

Choosing Where to Live

Most students want to live within walking distance of the campus, but this is not always possible and is usually determined by availability and cost. Often it is more convenient and more cost-effective to live further from the campus but closer to shops and public transport.

Students enrolled at St George College who do not live with a parent must reside with a Homestay provider as arranged through the Happy Homestay Adelaide (HHA)

Happy Homestay Adelaide (HHA)

HAPPY HOMESTAY ADELAIDE

International students who do not live with a parent or blood relation in Adelaide live in Homestay. Homestay is a wonderful opportunity for cultural exchange between the student and an Australian family. St George College has partnered with the Happy Homestay Adelaide (HHA) (<https://happyhomestay.com.au/>) to give students the opportunity to be hosted by a specially trained AHN Homestay host, for a safe and happy introduction to living and studying in Australia.

Homestay hosts assist students to settle into their new life in Adelaide and provide useful tips and information needed for a rewarding and unforgettable experience. Most importantly students in Homestay are treated as a participating family member. This helps improve the student's English and lessen homesickness.

Students are supplied with meals, their own bedroom with study facilities, access to bathroom and laundry facilities and transport to and from school. Personal belongings are also covered by insurance under the HHA-SA Insurance Policy.

Overseas Student Health Cover (OSHC)

Overseas student health cover (OSHC) is insurance that provides cover for the costs of medical and hospital care which international students may need while in Australia and is mandatory for international student visa holders. OSHC will also cover the cost of emergency ambulance transport and most prescription drugs.

How do I get OSHC?

St George College do not arrange OSHC for students. Your Educational Agent will be able to assist you with obtaining OSHC.

Only Australian health funds that have signed an agreement with the Australian Government can provide OSHC. Most Australian education institutions have a preferred OSHC provider. Depending on the institution you will be attending you will be required to join one of these four registered health funds. You may choose to change your health fund at any time but will need to abide by the conditions of change of the health fund provider you are leaving.

OSHC Providers

Medibank Private: www.medibank.com.au

OSHC World care: www.oshcworldcare.com.au

BUPA OSHC: www.overseasstudenthealth.com

Australian Health Management: www.ahm.com.au

Students may also take out additional cover in the form of Extra OSHC and students who could not previously access OSHC may now be able to access Optional OSHC. Some students may be exempt from enrolling in the OSHC such as students from countries whose Governments may have Reciprocal Health Agreements for students in Australia. Note: only some reciprocal health agreements cover students in Australia, some will only cover visitors. You should determine if you are eligible before you apply for your visa to come to Australia.

Further information on OSHC can be found at: <http://www.health.gov.au/internet/main/publishing.nsf/Content/health-privatehealth-consumers-ovc.htm>

If you come to Australia on a visa other than a student visa and undertake a **short course of study of three months duration or less** you will not be eligible for OSHC. It is wise to purchase travel or private medical insurance in this case.

What am I covered for?

OSHC provides a safety net for medical expenses for international students, similar to that provided to Australians through Medicare. Additionally, OSHC includes access to some private hospitals and day surgeries, ambulance cover and benefits for pharmaceuticals.

How do I use my OSHC card?

If you need to visit a doctor or medical centre, show your card at the end of the visit. You will be charged the doctor's fee and the government fee component of that **may** be processed by the medical centre. If the medical centre is not able to process the government fee, pay the total amount, keep the receipt and you can claim the government fee back from your OSHC provider.

First Day of School

Arrive early

St George College will provide an International Student Orientation before the commencement of. It is a requirement of the ESOS (Education Services for Overseas Students) Act 2001. Staff who run the orientation work hard to ensure that you as a student will be well equipped to achieve the best possible success in your studies. If you read through the pre-departure, arrival, and orientation pack which is provided for you, you will see that there is a lot of information for you to understand and consider as you move through your studies. Although the information will outline what you need to know, it is impossible to understand and recall everything. Once you are concentrating on your studies, you will feel less stressed if you are already comfortable with the institution, its staff and its services.

Arriving early to attend orientation gives you the chance to.

Meet and talk to the most important people you will need to know at St George College:
